Toucan Software presents...

The Banner Books Series™

Your School Day ™

Choosing from a wide variety of backgrounds and clip art, young authors can learn the importance of story sequencing as they trace the events of their day. Of course, each day is a new adventure to write about!

Writing Across America ™

Travel or *scroll* across America. Students can write about trips to the "Big Apple" or the Grand Canyon.

On the Street Where You Live™

Children can write about real and imaginary people and places in their community as they stroll through their community and their storyline!

Hiking Through Habitats ™

Hike through various habitats adding the appropriate plant and animal life. This program is ideal for writing reports about the various ecosystems, pollution, wildlife, and more!

All of these programs are available for a FREE 30 day preview! Network versions, Site License and Lab Packs are also available.

For a free catalogue or for additional information call 1-800-232-2224 or (203) 335-0906 (CT or overseas)

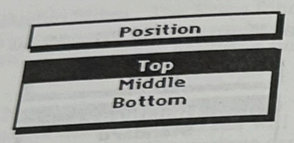
Creative Classroom Guide 18-29

If you choose ***All Panels****, the program will print your entire banner. A* **Print Color Menu** *will appear:*

Highlight your selection and press Return.

Select ***Miniature*** *from the* **Print Menu**. *The* **Position Menu** *will appear offering these options:*

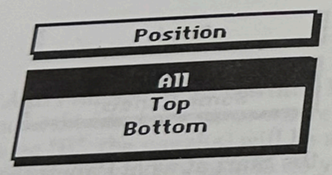


It will print out nearly three panels per page.

Helpful hint: *Select the miniature printout size and the* ***Top*** *position and choose to print only three panels. Scroll the print paper back to the beginning and then select the* **Middle** *position and so on, until you have printed three panels in all three positions. This would give you three strips of panels on only one page. This is ideal for creating comic strips (also a paper saving option).*

Select ***Standard*** *from the* **Print Menu**. *The standard printout panel will fill an 8 1/2 x 11 inch page.*

Select the ***Large*** *size from the* **Print Menu** *and three options will appear:*



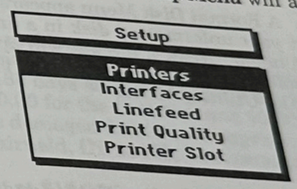
The ***Large*** *size prints out in two strips. By choosing* **All**, *it will print all of your banner. By choosing* **Top**, *it will print just the top half of your banner and by choosing* **Bottom**, *it will print just the bottom half of your banner. This allows you to print just half of your banner at one time, because if you have a long banner, you may not have the time to print the whole thing out all at once.*

A **Print Color Menu** will appear:

Highlight your selection and press Return. Check your setup and press Return again. A **Time Line** will appear with numbers 0 to 100. A cursor will begin at 0 and progress to 100 to illustrate the length of remaining printing time. Press Esc to cancel printing.

...Change Setup

To print out a panel, you must give the program specific information about the equipment you are using. This information is displayed in the **Current Setup Box** at the bottom of the screen. Select **Change Setup** to change the printer settings displayed in the Current Setup Box. The **Setup Menu** will appear with the following choices:



WARNING: If you don't have the correct setup and you try to print, the program will freeze. This means rebooting the program.

Choose each item you need to change. The arrow on the left side of the scroll box means there are more options to choose from. After you highlight an item, press Return and the **Current Setup Box** will display the changes you made. Press Esc to go back to the **Print Menu**. Pressing Esc again will bring you to the **Options Menu**.
